## FINANCIAL RESPONSIBILITY

This information is accurate and true to the best of my knowledge. I understand that I am responsible to pay for services rendered, including reasonable attorney's fees and costs of collection in the event of default. I further understand that if a payment becomes 45 days past due, the monthly rate of 13.3%, or the maximum allowable rate, will be due on delinquent amounts from the date the payment was due. There will be a \$25.00 charge for returned checks.

I have read and understand the above financial responsibility:

## INSURED PATIENTS NOTICE

It is the patient's responsibility to verify coverage and eligibility with your insurance carrier prior to service. Insurance is a contract between the patient and insurance company. Dixie Dental bills insurance companies as a courtesy, but this is not a guarantee of payment. All price quotes are an estimate of what your insurance company may pay. It is the insurance company that makes the final determination of your eligibility and benefits. You are responsible for any remaining balance.

I have read and understand the above patient notice:

**For In Office Use Only**

We attempted to obtain written acknowledgment of receipt of Privacy Practices, but acknowledgment could not be obtained because:

- Individual refused to sign
- Communication barriers prohibited obtaining the acknowledgment
- An emergency situation prevented us from obtaining acknowledgment

**CONSENT TO PROCEED**

I authorize Dr. Brandon Henderson and/or such associates or assistants as s/he may designate to perform those procedures as may be deemed necessary or advisable to maintain my dental health or the dental health of any minor or other individual for which I have responsibility, including arrangement and/or administration of any sedative (including nitrous oxide), analgesic, therapeutic, and/or other pharmaceutical agent(s), including those related to restorative, palliative, therapeutic or surgical treatments.

I understand that the administration of local anesthetic may cause an untoward reaction or side effects, which may include, but are not limited to bruising, hematoma, cardiac stimulation, muscle soreness, and temporary or rarely, permanent numbness. I understand that occasionally needles break and may require surgical retrieval. Occasionally drops of local anesthetic may contact the eyes and facial tissues and cause temporary irritation.

I understand that as part of the dental treatment, including preventive procedures such as cleanings and basic dentistry, including fillings of all types, teeth may remain sensitive or even possibly quite painful both during and after completion of treatment. Dental materials and medications may trigger allergic or sensitivity reactions.

After lengthy appointments, jaw muscles may also be sore or tender. Holding one’s mouth open can, in a predisposed patient, precipitate a TMJ disorder. Gums and surrounding tissues may also be sensitive or painful during and/or after treatment. Although rare, it is also possible for the tongue, cheek or other oral tissues to be inadvertently abraded or lacerated (cut) during routine dental procedures. In some cases, sutures or additional treatment may be required.

I understand that as part of dental treatment items including, but not limited to crowns, small dental instruments, drill components, etc. may be aspirated (inhaled into the respiratory system) or swallowed. This unusual situation may require a series of x-rays to be taken by a physician or hospital and may, in rare cases, require bronchoscopy or other procedures to ensure safe removal.

I understand the need to disclose to the dentist any prescription drugs that are currently being taken or that have been taken in the past, such as Phen-Fen. I understand that taking the class of drugs prescribed for the prevention of osteoporosis, such as Fosamax, Boniva or Actonel, may result in complications of non-healing of the jaw bones following oral surgery or tooth extractions.

I do voluntarily assume any and all possible risks, including the risk of substantial and serious harm, if any, which may be associated with general preventive and operative treatment procedures in hopes of obtaining the potential desired results, which may or may not be achieved, for my benefit or the benefit of my minor child or ward. I acknowledge that the nature and purpose of the foregoing procedures have been explained to me if necessary and I have been given the opportunity to ask questions.

**FINANCIAL POLICY**

This is an arrangement between Dixie Dental and the Patient/Guarantor. The word Guarantor refers to the responsible party. Signing this policy determines you as the Guarantor. The word account means the account that has been established in your name to which the charges are made and payments credited. The words ‘we’ and ‘our’ refer to Dixie Dental. By executing the agreement, you are agreeing to pay for all services that are received.

**Monthly Statement:** If you have a balance on your account, we will send you a statement. It will reflect a previous balance, any new charges to the account, and any payments or credits applied to your account during the month.

**Payment Options if you have no insurance:** Payment is expected in full on the day that treatment is rendered. You may pay cash, check or credit/debit card. You may prefer to secure financing through a third party such as CareCredit. If you would like more information on this please ask.

**Insurance:** Insurance is a contract between you and your insurance company. We will bill your insurance company as a courtesy to you. In order to properly bill your insurance we require that you disclose all insurance. Failure to provide complete insurance information may result in the patient responsibility for the entire bill. Dixie Dental will bill your insurance; however, it is NOT a guarantee of payment. Although we may estimate what your insurance company may pay, it is the insurance company that makes the final determination of your eligibility and benefits. Insurance companies provide an Explanation of Benefits outlining payments and patient balances.

**Payment Options if you have insurance:** You will need to pay your deductible, co-payment, and any out-of-pocket portions at the time of service by cash, check, or credit card. If you choose to pay for all of your treatment in full at the time of service, we will promptly issue a refund for any credit balance. It is your responsibility to verify coverage and eligibility with your insurance carrier prior to service.

**Payments:** Unless we approve other arrangements in writing, the balance on your statement is due upon receipt. If payment is not received, we reserve the right to refuse future appointments on delinquent accounts. Any balance remaining after your insurance coverage is collected, for whatever reason, is your responsibility. Full payment is due upon receiving your statement from Dixie Dental unless prior arrangements have been made.

**Returned Checks:** There is a \$25.00 returned check fee on any checks returned by the bank. We may choose to proceed with legal action which could result in additional fees to the patient or guarantor on the account.

**Past Due Accounts:** If your account becomes past due, we will take necessary steps to collect this debt. If we have to refer your account to a collection agency, you agree to pay all of the collection costs that are incurred. If we refer the collection of the balance to a lawyer, you agree to pay all lawyers’ fees that we incur plus court costs.

**Interest Charges:** If you fail to pay your statement balance within 30 days of receiving it, without making arrangements, finance charges will incur at the rate of 13.3% APR.

**Missed/Cancelled Appointments:** A \$58.00 fee will be added to your account, each hour scheduled, for appointment cancellations that do not give our office a 24 hour notice.
